FREE* | APPLY NOW

*The STARTALK award lets us offer this program tuition FREE.

Space is Limited

Registration closes April 30th or when the program is full.

STARTALK Online PRE-AP Program 2019

The Mandarin Institute STARTALK PRE-AP Program provides students from across the US the opportunity to strengthen their Chinese language skills whether in preparation for an AP Chinese course or for those who want to improve their Chinese. The online learning environment is powered by Artificial Intelligence (AI) technology that incorporates the best strategies for second language acquisition which makes learning Chinese more efficient, effective and engaging.

Each day students will engage in 90 minutes of synchronous online instruction with a teacher and 3 other students in addition to about 2 hours of asynchronous learning activities which includes independent, pair and group projects.

Why should you apply?

- Daily synchronous online instruction with a Chinese teacher
- Modern and Cultural theme of Innovation and Invention
- Powered by Artificial Intelligence (AI) technology
- Small class size of 4
- Opportunity to meet students online from across the country
- Exposure to AP Chinese content and instruction

The Mandarin Institute STARTALK PRE-AP program is collaborating with Pondy Education to provide students with a pathway to AP Chinese. All applicants will be given complimentary licenses to AI tools whether or not they are accepted into the program.

Who should apply?

- Rising 9th-12th grade students who have completed a minimum of 2 years of instruction
- Middle school students and graduates of Chinese immersion programs
- Heritage students (weekend/after school) who are interested in pursuing AP Chinese
- College undergraduates with intermediate proficiency level
